BETWEEN

AND
THE WORLD ORGANISATION FOR ANIMAL HEALTH (OIE)**

The Governments of Brunei Darussalam, the Kingdom of Cambodia, the Republic of Indonesia, the Lao People's Democratic Republic, Malaysia, the Republic of the Union of Myanmar, the Republic of the Philippines, the Republic of Singapore, the Kingdom of Thailand and the Socialist Republic of Viet Nam, Member States of the Association of Southeast Asian Nations ("ASEAN"), hereinafter referred to individually as "ASEAN Member State" or collectively as "ASEAN Member States".

and

The World Organisation for Animal Health, with headquarters at 12 rue de Prony, 75017 Paris, France, hereinafter referred to as "the OIE", duly represented by its Director General, Dr. Bernard Vallat.

RECOGNISING that the OIE has developed the World Animal Health Information System (WAHIS), an on-line information system for the submission and reporting of official animal disease information by OIE member countries to the OIE;

NOTING that a number of regional organisations have already established regional animal disease reporting systems and therefore recognising the need to avoid duplication and

inconsistencies in disease reporting and to streamline the reporting process;

NOTING that the ASEAN Regional Animal Health Information System (ARAHIS) was therefore developed under a project funded by the Australian Government's Overseas Aid Program (AusAID), in partnership with ASEAN Member States, as a WAHIS Regional Core (WRC), which allows disease information for nominated priority animal diseases in ASEAN Member States to be shared privately within ASEAN, and for confirmed outbreak reports to be transferred electronically to the WAHIS;

Have reached the following understanding:
