The present invitation to tender is addressed to companies operating in the energy sector that can prove their capacity to perform all the services covered by the invitation to tenders and have proven and authenticated references in similar projects, namely :

Solar photovoltaic power plants with a total capacity of 40 MWp and more.

Algerian companies can participate in this invitation to tenders, alone if they have the above mentioned capacities and references. However, Algerian companies must have the financial capacity and proven and authenticated references in industrial and energy projects, namely :

Large-scale industrial projects (only for Algerian companies participating in a group)

Projects on behalf of Sonelgaz Group companies (only for Algerian companies participating in a consortium)

For the Tenderer alone (foreign or Algerian), all the professional references required for the execution of the services covered by the invitation to tender must be justified by the Tenderer in the execution of similar EPC Projects,

For the Tenderers in grouping, each member will contribute with its own professional references.

For Algerian companies participating in a consortium with foreign companies, the following references are accepted only for the Algerian side :

Large-scale industrial projects such as refineries, cement plants ..., the projects must include the services of supply, civil engineering, electromechanical assembly, command control, commissioning, etc.),

Projects on behalf of Sonelgaz Group companies (large-scale energy works such as power plants, high-voltage transmission lines, 60KV and above substations, HP gas station etc.).

The Employer reserves the right to verify the information provided by each tenderer at any time during the invitation to tender process.

Any Tenderer, alone or in a group, may only rely on its own qualifications and professional references:

The specification must be withdrawn by the Tenderer or its duly appointed representative. In the case of a grouping, the Specifications must be withdrawn by the mandatary or his duly appointed representative, unless otherwise provided for in the grouping agreement.

A member of a tendering Group may not be a single tender or be part of another tender Group.

For this Invitation to tender , each tender may tender for one, several or all Lots.

Candidates interested in this invitation to tenders may obtain the specification at the following address :
